

Professional Level Adobe Photoshop CS6

From the Ground Up!

Are looking to enhance your knowledge of Photoshop? Do you want to work like a pro? Do you want to increase your productivity? Well, you've come to the right place! This class will give you everything you need to take your work to the next level. You will learn how to use Photoshop like the pros. Using the latest version of Photoshop, Gary will teach you real-world production techniques, keyboard shortcuts, "tricks of the trade", color management, and power techniques guaranteed to make your work better and more productive than ever. .

During this intensive, information packed workshop, learn the insider secrets to making Photoshop CS6 work for you. New features of CS6 will make your digital workflow smoother. With each version of Photoshop come changes - some features disappear while new ones arrive on the scene. Instructor Gary Small has been using Photoshop since the program's early days, and knows this image editing program inside and out. Whether you're new to Photoshop, or upgrading from a previous version, this class is a must! Because CS6 was just released, this is the perfect opportunity to get a jump on the competition and learn how to use Photoshop like a pro right from the beginning.
